SP API is an opportunity to quote delivery price and see international carriers delivery service offers at one place.
Follow the links below to provide and use SP API for online delivery booking.

1. Log in

Production server <https://www.sendparcel.com/rest-api>

Test server <https://develop.sendparcel.com/rest-api>

Log in: please contact us by e-mail info@sendparcel.com, specify your IP address and account e-mail address.

Requests transmitted by **POST** method.

Responses are sent and received in **JSON** format: <https://en.wikipedia.org/wiki/JSON>

Weight is always indicated in kg, measurements in centimeters.

Request:

```
POST / HTTP/1.0
